Rhonda Allison Peptide 38 - 1oz

\$95.00

Peptide 38, Rhonda Allison's™ newest peptide formulation, uses the cutting-edge technology of next-generation peptide formulas to create the most powerful peptide complex to date. With a combination of very unique ingredients in just the right balance to give skin an extra edge in the aging business, this ageless beauty cocktail offers the skin continued regeneration support – reversing the signs of aging, keeping fine lines at bay and firming skin. With the added benefits of essential oils for oxygenating and rejuvenating benefits, skin will immediately feel plumper and more buoyant.

- **Glycosaminoglycans** – An MMP inhibitor which provides structural integrity to cells; increases hydration and acts as a skin smoother
- **Goji Berry** - A glycopeptid and MMP inhibitor; provides antioxidant support and stimulates collagen activity
- **Synthe '6 (Palmitoyl Tripeptide-38 Complex)** – A dioxygenated lipopeptide consisting of Palmitoyl-Lysyl-Dioxymethionyl-Lysine, this matrikine-mimetic peptide stimulates the synthesis of 6 major constituents of the skin matrix molecules and dermal-epidermal junction (collagen I, III, IV, fibronectin, hyaluronic acid and laminin 5) and evens out skin relief, smoothing wrinkles from the inside by rebuilding the skin where it is needed, particularly on the forehead and crow's feet.
- **Arginine (L) / Acetyl Hexapeptide-30 Complex** – A new arginine-hexapeptide complex specifically designed to treat expression wrinkles through a novel post-synaptic approach
- **Patchouli Oil** – Stimulates new cell growth and removes excess fluids; revitalizes skin, calms inflammation, and is an effective ally in the treatment of dehydrated, aging skin

Skin Type

All Skin Types - Photo-Damaged, Aging

Recommended Use

Apply 2 to 3 drops to clean skin twice a day. May be used with Amino Peptide Moisturizer, Antioxidant

Complex Serum, Epidermal Growth Factor preparations, or Drop of Essence Hydration Drops for additional benefits.
