Rhonda Allison Amino Peptide Moisturizer

[Call for Pricing](#)

Amino Peptide Moisturizer is a potent blend of enriched protein, amino acids, vitamins, and herbs that provide hydration and tissue building support to skin.

Recommended Use

Cleanse skin thoroughly with any RA cleanser; apply an even layer of Amino Peptide Moisturizer day and night for essential moisture. Enhance benefits by using with Amino Peptide Serum or Youth Essence Peptide. Treatment Room Use: Massage skin with Amino Peptide Moisturizer during any facial treatment for added essential moisture. Use with Amino Peptide Serum and other collagen building concentrates.

Benefits

Amino Peptide Moisturizer is a potent blend of enriched protein, amino acids, vitamins, and herbs that provide hydration and tissue building support to skin. The light cream essence glides on skin with ease and traps moisture into the skin. Most skin types may use day and night.
